Qualification

- Leadership: Five years of experience as a Navy Basic Care Provider, Dedication, Integrity, Professionalism, Energetic, and Self-Motivated.

EXPERIENCE

Business Data Analyst Intern   November 2019 - March 2020
C-Tran, Vancouver, WA

- Improved the data structure of each data set within our data warehouse by data-type checking and error-checking the range of values. Documented the design before process-mapping the relationship of each incoming data-set for statistical analysis, which enforced better data governance.

- Transformed data sets into a consumable visual-models through Microsoft's application Power BI. The created KPI dashboards were viewed throughout the agency via the intranet application Sharepoint, which aided in making better business decisions.

Technical Support Intern   May 2019 – October 2019
Free Geek, Portland, OR

- Provided help-desk support to local non-profit organizations in the community and individual consumers on warranty equipment. Primarily consisting of workstations and laptops purchased through Free Geek's re-purposed store.

- Troubleshooted and repaired hardware and software on workstations and laptops mainly involving Linux tools. Also provided short tutorials to customers that were aimed at guiding customers to the appropriate solution for their problem.

Veteran Resource Center Student Coordinator   April 2018 - December 2018
Portland Community College, Portland, OR

- Developed and established the Veteran Recreational Club, for an initial 12 charter members in under 3 months. Scheduled student veteran retreats and team building exercises around social mindfulness and awareness.

Medical Department Representative   June 2015 - December 2017
United States Navy, Everett, WA

- $86K annual inventory management, improved supply chain efficiencies, exceeding 90% DoD compliance standards. Inclusive of dental emergency kits, chemical, biological, and radiological medication kits, as well as to ensure appropriate maintenance on a vast supply of operating equipment.

COMMUNITY SERVICE

- Food Pantry Volunteer: 150 pounds of food donated to the Salvation Army
- Free Geek: 144.4 service hours were donated working in Technical Support.

ORGANIZATIONS

- Emerging Leaders PDX
- TechRise PDX
